- Javascript

PROFILE

As a Quality Assurance Engineer, I am responsible for ensuring that software products and applications meet the necessary quality standards and are free from defects by working closely with development teams to resolve any issues that arise during the testing process. I have experience in using Cypress to write automated tests and have a thorough understanding of how to use this powerful tool to identify bugs, improve test coverage, and enhance the overall quality of software products.

EXPERIENCE

Quality Assurance Engineer | Automation Engineer

- **Clinchtech**
  Sept 2022 - Present
